Who we are

At DMC Healthcare we provide expert care to NHS patients through Consultant-led specialist community clinics, Primary Care Pharmacists, and General Practice. We also provide an extensive range of Radiology reporting and outpatient backlog management services to assist our partners with a range of capacity issues. Our team of Consultants, doctors and other healthcare practitioners are bringing the highest standards of care to the heart of the community, helping CCGs to manage costs and improve waiting times and outcomes for NHS patients. *It's about being better*

Case Study

DMC Healthcare provide ongoing Consultant-led community clinics for Dermatological referrals within Castle Point and Rochford.

“We’re seeing shorter waiting times; we’re seeing improved patient experiences; we’re seeing the Consultant-led service that we commissioned being delivered. DMC are meeting all national requirements set by BAD and NICE, and hitting all of our local KPIs.”

Stevie Attree, Commissioning Officer at Castle Point and Rochford CCG

Non 2 week wait conditions seen and treated by a Consultant within **4 weeks**

13,500 patients treated in community clinics

What we do

Dermatology

Treating over 5,500 patients with Dermatological conditions each year, surpassing our partner CCGs KPIs.

Urology

21st century Urological care in a local community setting.

ENT

A ‘see and treat’ service for a wide-range of ear, nose and throat conditions.

Ophthalmology

Non 2 week wait ophthalmic referrals including Neuro-ophthalmological and corneal disorders.

Orthopaedics

Orthopaedics Consultants with special interests in arthroscopic procedures, shoulder and elbow surgery.

Minor Surgery

Minor surgical procedures often providing surgical treatment for patients on the same day.

MSK

Providing better access to high quality MSK treatment in the community.

Gynaecology

Providing assessment, diagnosis and treatment for gynaecological care out of the hospital setting.

Rheumatology

Treating multiple rheumatological conditions such as inflammatory connected tissue disorders.

Neurology

Access to sophisticated diagnostic tests as well as treatment for many neurological conditions.

Primary Care Pharmacists

Assisting GPs with prescription management and chronic illness management, reducing GP workload by up to 30%.

Primary Care

6 GP practices, 3 walk-in centres and 1 mobile health unit across London and the South East.

Outpatient Backlog

On and off-site support to NHS Trusts with capacity issues relating to the 18-week wait deadlines.

Physiotherapy Helpline

Our one-of-a-kind Physiotherapy Helpline offers GPs a rapid referral system that can reduce CCG costs by as much as 75%.

Radiology Reporting

24-hour turnaround on all cross sectional imaging reporting and 48-hour turnaround on all X-ray reporting, among other services.

How we help

Our CCG partners trust DMC Healthcare to deliver on our promises. We provide them with reliable Consultant-led services that are tailored to the specific needs of an individual area, ensuring we surpass all applicable guidelines and KPIs. We enable CCGs to offer patients care closer to home, with extended opening hours and weekend clinics, cutting down on costly secondary care referrals and shortening waiting times.
